M I N I S T R I E S

35 Years of "Working While it's Day"

**Hello Frontline Partner!**

Rowena and I have been in North America for six weeks now. Of course food is always a part of traveling, and on this trip we had our first ever meal that required *hammers* to eat (giant crab legs in Seattle). We've had a great time visiting family, friends, and faithful ministry partners, and we are enjoying speaking at churches, gatherings, and home meetings.

A few years ago I began to hear people using the phrase "*living the dream.*" I never thought about it before that, but I think we have been blessed to be living the dream. But **the dream** has nothing to do with traveling or giant crab

legs! Rather, it has to do knowing we are called to know, and to walk and work with God. I'm so grateful God called me into His eternal work. Living with a purpose that exceeds our time on earth is an incredible blessing, and is what makes me wake up each day with joy. To be involved in the work of **reaching and helping people find their way back to God** is to me is *living the dream!*

In April, along with two of our Filipino Pastors (Max Beloso and Ruel Del Monte) we attended a conference dubbed **Exponential**. The theme of that conference was *Dream Big*. This annual event is hosted by Dave Ferguson and company, friends of ours that are dreaming of a movement of reproducing churches across all continents of the world! We love this dream and are a part of it!

Having a dream, holding to it, believing in it, and working for it is what makes life exciting. The ability to have and pursue a dream is a gift of God and a part of the spice of life.

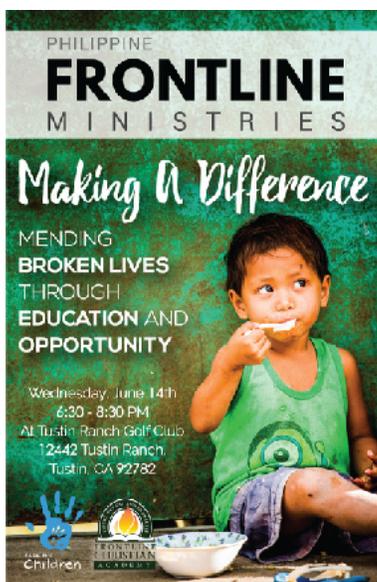

One of the dreams we are pursuing at Frontline is our new Frontline Christian Academy (FCA), that will be capable serving and ministering to as many as 1000 young people each year! I say *minister*, because that's how we feel about educating children. It can and should be a ministry of holistic care. And Not only to the children in our classrooms, but to their families and communities as well. At FCA we are also living out the dream of reaching people for Christ!

On June 14th, we will be having a special event dubbed **Making a Difference** (left image) at Tustin, California. Working with some gracious Frontline partners, we are trusting God to bring in additional funds necessary to get the new school open for classes by June of 2018.

Please pray for this event! Also, please note that **anyone** can participate by making a special donation earmarked "*Making a Difference.*" A short video is available for you at www.thefrontline.asia/frontline-christian-academy/.

Thank you for being a part of the Frontline ministry and dream!

Working While it's Day,

Jeff Pessina
