

PHILIPPINE FRONTLINE MINISTRIES

35 Years of "Working While it's Day"

Hello from the Frontline!

So much has been moving forward here, I can hardly keep up myself! God is truly moving, and we are blessed to see many developments.

First, we're proud to report to you that the new property for *Frontline Christian Academy* has been secured! Praise God! Of course we still have many steps of faith ahead of us as we move on to finance and construct the first needed classrooms. But the Lord has provided us the title of the land, and we know He did not bring us this far for no reason. So we trust He will continue opening doors of provision.

Some amazing opportunities have also been opening up to Frontline. Several Universities in our area have approached us and asked if we would come in and speak to their students, for 30 minutes to 1 hour every week. What an opportunity this is to reach out to thousands of students each week! We've also been asked to participate in ministering to the police force of our city, in weekly small group settings. Several policemen have already committed their lives to the Lord. And then we've been asked to participate in the rehabilitation of "surrendered" drug addicts. We now have numerous recovering addicts attending Frontline church services, often with their entire families. And they also attend small group sessions during the week. It's truly exciting to see doors of ministry opening up as fast as we can walk through them.

The pictures at the right show young people in *Frontline Christian Academy*, getting a Christ-centered, caring education. You can see employees in a Christ-centered company culture doing devotions together, most of whom have become committed Christians. You can see scores of people from the communities we serve filling up church services. And at the bottom, you see two women praying together in front of a statement that means a lot to us: *reaching and helping people find their way back to God*. To us that's what it's ALL about! We are seeing amazing impact and more doors opening.

We truly look forward to what tomorrow holds. Thank you again for partnering with us!

Working While it's Day,

Jeff Pessina, Director
Philippine Frontline Ministries, Inc.
